

March 30, 2006

Mr. Braulio Rosa
Public Information Officer
Town of Davie
6591 Orange Drive
Davie, FL 33314

Dear Mr. Rosa:

I wanted to quickly respond to your voicemail and e-mail asking for an explanation as to why some Town of Davie residents were unable to see last night's commission meeting.

As you know, we have been working aggressively to identify and isolate all of the nodes serving Town of Davie residents, including several communities that have been annexed from Broward County over the last few years. To date, we have successfully completed the majority of the construction and reconfiguration of nodes for the purpose of providing the Town with its own dedicated, self-managed government access channel.

There are only a few remaining nodes left for us to re-configure and we estimate that we should have them all completed in the very near future. I will provide you with a time and date certain once I have spoken with, and confirmed with our Construction Manager and Regional Engineer. Until that time, we have installed transport gear and a timer system that will override the shared feed the Town used to have and will pre-empt all of that programming to give priority to the Town's live feed.

All of that has been constructed and in place. Unfortunately, when construction on the remaining nodes was completed at the end of the day yesterday, we inadvertently failed to reset the timer to override the shared channel. Had the timer been reset, all of the Town of Davie residents would have been able to see the Town's Commission meeting as I had shared with you previously.

I apologize for any unnecessary aggravation we may have caused you and the residents of the Town of Davie as a result of this oversight. As we discussed, please send me last night's meeting for re-broadcasting to those areas that were unable to see the meeting so that we can arrange to re-air on our system. I will work with you directly to determine the best dates and times for reaching your residents with the rebroadcast.

Thank you for your patience and understanding. You have been a terrific partner throughout this entire process.

Sincerely,

Cindy Stoddart
Director of Government and Community Affairs
Comcast, Broward County
